

EID ISMAIL ABDELKHALEK IBRAHIM

Front-End Developer

Email: <mailto:eidelgohary.job@gmail.com> GitHub: <https://www.github.com/Eid-Elgohary>

Phone: +20 112 495 6060

LinkedIn: <https://www.linkedin.com/in/eid-elgohary/>

PROFESSIONAL SUMMARY

Motivated Front-End Developer with hands-on experience building responsive, user-centered web applications. Skilled in modern front-end technologies, component-based frameworks and responsive design. Dedicated to producing clean, maintainable code and continuously learning best practices and new tools.

PROJECTS

Fresh Cart — E-commerce Web App

- Description: A responsive e-commerce application allowing users to browse products, filter by category, add items to cart, and view totals.
- Technologies: React.js, Axios, Bootstrap, React Router, localStorage
- Features: Product listing, category filtering, cart management, responsive layout
- Role: Built entire front-end and managed state using custom hooks
- Live Demo: <https://fresh-cart-ager.vercel.app>
- GitHub Repo: <https://github.com/Eid-Elgohary/fresh-cart.git>

Portfolio — Personal Portfolio

- Description: A responsive portfolio showcasing projects, case studies, and contact information. Includes links to live demos and source code for featured work.
- Technologies: React.js, Next.js, Tailwind CSS, Vercel
- Live Demo: <https://portfolio-ashen-omega-44.vercel.app/>

PROFESSIONAL EXPERIENCE

Front-End Developer — Route Academy (Trainee / Projects) (2023 – 2024)

- Built interactive, responsive front-end interfaces using HTML, CSS, JavaScript, and React.js.
- Implemented component-based UI, routing, and client-side state management for multiple projects.
- Collaborated on project design, version control with Git, and deployment workflows.

Owner — Fresh Look Clothing Store (2017 – Present)

- Operate a local retail clothing store handling daily operations, customer service, inventory management, and merchandising.
- Manage online presence and digital marketing: produce product photos, write captions in Egyptian Arabic, and post on the store's Facebook page to drive sales and customer engagement.
- Implemented basic e-commerce flows and maintained product listings.
